Unreasonable Hardship Application

This Section to be Completed by Applicant

Facility Address: _____

Building Permit or Application No.: _____

Use of Facility: _____

1. Facility areas affected by this construction: _____

The applicant requests that an exception be granted from the specified disabled access regulations of the California Building Code because compliance would cause an unreasonable hardship within the meaning of Title 24 California Code of Regulations Section 202.

Waiver, or equivalent facilitation, of the following access features is requested (check those that apply):

- Primary Entrance
- Path of Travel to Area of Remodel
- Sanitary Facilities
- Public Phones/Drinking Foundations
- Parking
- Other (specify): _____

2. What is the cost of providing all required disabled access improvements? (Provide verifiable estimates): \$ _____

3. What us the cost of all contemplated construction Other than work directly associated with disabled access improvements? (Provide verifiable estimates): \$ _____

4. The required disabled access improvements increase The cost of construction by: _____ %

5. State the impact of the required disabled access improvements on the financial feasibility of the project? _____

6. Describe all disabled access features that would be gained or lost as a result of the proposed project. (Provide additional documentation if necessary): _____

7. Disabled access improvements equivalent to those that are requested to be waived will be provided and will consist of: _____

Note: Separate documentation may be provided to describe conditions and considerations that support a finding of unreasonable hardship in this specific case.

I declare that an unreasonable hardship exists and that literal compliance with required disabled access regulations would make the specific work affected by said regulations unfeasible.
